Please note that the above information about companies providing weighing services may be subject to change. Please contact the company to confirm.

All trailers transporting heavy equipment or materials must have a minimum dimension from the rear axle of the cab to the forward-most rear axle of the trailer of 43 feet. This length will be verified at the Gatehouse.

Tracked or large construction vehicles or equipment may not be walked across the bridges.

All vehicles must proceed slowly and cautiously across the bridges without sudden stops.

There will be no exceptions granted to these changes.

The Harbor Island Owners Association reserves the right to deny access to any commercial vehicle to this private island.
