Karl Mack

I am running for the Harbor Island Board of Directors this year and am required to produce a bio sheet – this is it:

I am fortunate to have been married to my wife, Donna Mack, for thirty-two years. For seventeen of those years, we have lived here on Harbor Island, full time. We have two sons, Trey and Max, Trey's wife Christin and two perfect grandchildren, Edward (10) and Harper (7).

I graduated from the University of South Carolina with bachelor's degrees in English Literature and Studio Art.

My business for over 45 years has been commercial printing and graphics. First in design, then in production management and finally, now in sales. I am also involved, with my wife, in vacation property management here on Harbor Island.

I have decided to run again for the Board for several reasons. First, I believe that we still have a lot to do on the island to recover from Hurricane Matthew and I would like to be a part of that effort. Secondly, I do believe that the island benefits from conservative management of its assets and resources. I would try to help provide that conservative management if re-elected. Third, I still feel that every property owner on Harbor Island deserves unbiased representation on our Board and that the financial wellbeing of our island is a primary responsibility of that Board.

I have served on the HIOA board for the past two years, first as a member and this year as President. It has been a pleasure to meet and serve so many of our members and I look forward to continuing to do so. I would appreciate your support and will do my best to be deserving of that support.

Thank you,

Karl Mack
